The Sales Skills Index™

Your Business is in the Hands of Your Sales Personnel

Can they sell?

Do they understand the sales process?

Are they treating each sales situation the way top salespeople do?

The Sales Skills Index will answer all those questions and more!

- Sales Skills Index helps to ensure that your sales personnel will handle each sales opportunity correctly
- Especially designed for outside sales

You Can Tailor Your Training

Coaching and managing can be tailored to the different needs of each salesperson after your sales force has completed the Sales Skills Index assessment. It can be used both before and after measurement, complementing all other sales performance material.

Use in Selecting Candidates That Bring the Right Skills

The Sales Skills Index presents questions that portray “real life” sales situations. Each situation has four alternative ways to be handled. Respondents are given the opportunity to rank the four alternatives from “best” to “worst.” By comparing their response with those of proven top sales professionals, a report is generated showing strengths, weaknesses and how well they understood sales strategy in seven categories.
